

## Practical Cleaning & Disinfecting Solutions to Work Smarter

Today's professional cleaners are being asked to **do more with tighter budgets and fewer resources,** all while "cleaning for appearance" is no longer enough. **77% of consumers** now consider a businesses' cleaning & disinfecting practices to be a "selling point."

With heightened responsibility for cleaning and disinfecting, it's more important than ever that your protocols are effective and efficient. CloroxPro recommends adopting a Smart Disinfection plan to optimize your resources. Smart Disinfection is an evidenced-based surface disinfection approach that targets disinfecting "higher risk areas" aiming to reduce pathogen transmission, maximize protection from the spread of infections and optimize the use of disinfectants.

**Training** is critical to help staff understand how to use products and equipment correctly, but can take a lot of time. On-demand programs such as CloroxPro HealthyClean can help efficiently equip your workforce. It is also the ONLY industry-wide certificate course to be accredited by the American National Standards Institute National Accreditation Board (ANAB).

## **PRODUCTS**

**Ready-To-Use (RTU)** products are convenient and easy to use, especially for less experienced staff. There is no diluting or mixing of chemicals, so they help increase compliance and minimize mistakes.

You are essential in the fight against the spread of germs, but **you can't do it alone**. Encourage building occupants to do their part by placing one-step ready-to-use products, such as CloroxPro Disinfecting Wipes, in visible locations throughout facilities to disinfect surfaces between cleans.

## **Who Benefits From Smarter Cleaning and Disinfection?**

**Professional cleaning staff** save time and focus on what matters.

**Building occupants and visitors** have more control over the safety of their space.

Facilities/business owners enhance confidence of those visiting the facility.

Contact your CloroxPro® representative to find the products that meet YOUR specific needs.

**Buy now and SAVE.**
